

Intersoft Electronics – Production Technician

We are looking for a Production Technician

At Intersoft Electronics, we're at the forefront of engineering excellence, specializing in air traffic control (ATC) and air-defence radar solutions. Our mission is to deliver cutting-edge solutions that ensure comprehensive and reliable radar coverage, making airways safer worldwide. We're on the lookout for a passionate:

Are you someone who thrives on challenges, values teamwork, and enjoys a dynamic work environment? At Intersoft, we offer more than just a job: it's a place to boost your career and make a real impact!

As a **Production Technician**, you play a crucial role in the production process and quality control of electronic devices.

Your tasks and responsibilities:

- Preparing and assembling electronic components and systems according to specifications.
- Performing quality checks during various stages of production to ensure flawless product operation.
- Troubleshooting and resolving production issues and defects to maintain the continuity of the production process.
- Collaborating with the production and engineering teams to identify and implement improvements in the production process.
- Assisting with the introduction of new products and technologies into the production process.
- Detailed documentation of production results in accordance with applicable ISO standards.
- Ensuring a safe and organized workplace in line with company guidelines.

Your profile:

- A secondary school, graduate or bachelor's degree in a technical field or relevant work experience.
- Strong analytical skills and the ability to solve problems.
- An interest in and enthusiasm for technology.
- Knowledge of production processes and quality standards.
- You speak Dutch or English and enjoy working in a multicultural and multilingual environment.

What do we offer you?

- A pleasant working environment with flexible working hours.
- Fun company activities with great colleagues.
- A varied role in a stimulating, high-tech working environment.
- Opportunities to develop your full potential and learn new skills.
- A temporary role with the prospect of a permanent position.

- A competitive salary, supplemented by group insurance, meal vouchers and eco-vouchers.
