

Intersoft Electronics – Project Manager

We are looking for a Project Manager

Intersoft Electronics is a Belgian engineering company active in the domain of air traffic control (ATC) and air-defence radar. It is our mission to create and deliver cutting edge solutions in these fields and enable our customers to achieve comprehensive and reliable radar coverage leading to safer airways. Our products and services are used worldwide!

Do you enjoy managing projects? Does taking into account various factors such as time, contract conditions, quality and budget pose no problem for you and can you bring a smile to our customers' faces? Then you might be our new colleague!

Your tasks and responsibilities:

As a projectmanager you will join our PM office and ensure that our projects are executed properly. You will familiarize yourself with the contracts and make realistic schedules taking into account the agreed terms of contract including timescale, specifications, quality and budget. For the technical specifications you work closely with the technical leads. You coordinate closely with our customer, invest in the customer relationship and ensure a successful end result.

Your profile:

- Bachelor or Master's degree or equivalent by experience
- You build good customer relationships and ensure fluent communication
- You are a team player, but can also work alone
- You are flexible in drawing up plans and managing projects
- You work thoughtfully and in consultation to achieve the best result
- Willingness to travel abroad for short periods

What do we offer you?

- Congestion-free working environment, flexible working hours and the option to work up to 2 days at home
- Cool business activities with nice colleagues
- A varied job in a stimulating, high-tech working environment
- Opportunities to develop and learn to your fullest
- Permanent position with a market-based salary, supplemented with company car, group insurance, meal vouchers, ...
