

Intersoft Electronics – Technical Writer

We are looking for a Technical Writer

At Intersoft Electronics, we're at the forefront of engineering excellence, specializing in air traffic control (ATC) and air-defence radar solutions. Our mission is to deliver cutting-edge solutions that ensure comprehensive and reliable radar coverage, making airways safer worldwide.

Are you passionate about translating complex technical concepts into clear, compelling documents? At Intersoft Electronics, we are looking for a **Technical Writer** to join our team and help communicate our cutting-edge research and radar technology solutions. You will play a key role in writing grant proposals, documenting research output, and creating system-level documentation for our customers.

Your tasks and responsibilities:

- Contribute to pre-project and proposal writing.
- Document research results and scientific publications.
- Writing and maintaining manuals and user documentation.
- Prepare system documentation tailored to customer needs.
- Translating complex technical information into accessible content for various audiences.
- Collaborate closely with engineers, researchers, and other stakeholders to ensure clarity, accuracy, and accessibility of technical content.

Your profile:

- Master of Science / Engineering in Electronic Engineering or a Bachelor in Electronics.
- Fluent in spoken and written English with strong attention to detail.
- Quick at grasping complex technical concepts and making them understandable.
- Basic knowledge or interest in radar physics and techniques is a plus.
- Knowledge of signal processing is an advantage.

What do we offer you?

- Congestion-free working environment with flexible hours, including the option to work up to 2 days at home depending on the job content.
- Engaging team activities with friendly colleagues.
- Varied job in a stimulating, high-tech working environment.
- Continuous opportunities for personal and professional development.
- Permanent position with a market-based salary, supplemented with company benefits including a company car.
